

Calvin W. Hancock

385-625-9416 | yefoolfish@gmail.com | linkedin.com/in/calvin-hancock-a1a711342 | github.com/Nivlahk

Technical Innovator who bridges low-level system design, machine learning, and automation to turn convoluted technical challenges into streamlined solutions. Known for building custom tools, optimizing processes, and translating technical insights into clear holistic frameworks for adoption.

EDUCATION

Bachelor of Science: Information Systems

Apr 2029

DevOps Emphasis | Minor in Linguistics | STEM-Designated Technical Program

Brigham Young University - Marriott School of Business, Provo, UT

- Major GPA 3.79
- Member of the Association for Information Systems
- Relevant Courses: Database Structures & Security, Intro to Python, Accounting, Data Structures, Exploratory Data Analysis, Database Systems

TECHNICAL SKILLS

Hardware and Embedded: Vivado (Xilinx FPGA Suite), SystemVerilog/VHDL

Artificial Intelligence (AI): Machine learning, Python libraries (pandas), generative AI (Claude, Gemini)

Data & BI: Tableau, Power BI, SQL, Advanced Excel

Development: Python, JavaScript, VBA, HTML/CSS

Cloud & Infrastructure: AWS (EC2, S3), Git, API Integrations

Design & Typography: Fontlab

Project Experience

- Created, synthesized, and implemented CFI-focused ISA in SystemVerilog for hardware compiler research (2026)
- Built Python machine learning pipeline for phoneme-primitive speech synthesis software (2025)
- Designed phonetic neography in Fontlab/JavaScript/HTML for transcription and visual pronunciation (2024)

EXPERIENCE

Security Guard

Mar 2026 – Present

Brigham Young University, Provo, UT

- Managed building access records in Google Sheets, using Gemini to transfer information documents into the system
- Enforced building access policies by reviewing entry logs and redirecting unauthorized visitors

Food Server

Dec 2024 – Dec 2025

Brick Oven LLC, Provo, UT

- Managed pasta stations, efficiently balancing fast, attentive customer service and line flow
- Served wedding parties of 100+ guests, maintaining attentive service during high-volume events

Volunteer Representative – Mandarin Fluency

Dec 2022 – Nov 2024

The Church of Jesus Christ of Latter-day Saints, Pasadena, California

- Led contact information cleanup project, increasing accuracy to 95% in church organizational unit through systematic verification of phone numbers, addresses, and emails
- Managed 6 volunteers to achieve 100% growth in unit engagement through targeted Easter promotion
- Built a website lookup automation system, eliminating 12,000 manual clicks per hour using Macro Commander and Spokeo to streamline repetitive data collection and entry

Food Server

Jun 2019 – Jul 2022

Brick Oven LLC, Provo, UT

- Adapted to operational changes when COVID-19 halted in-building work
- Transitioned into a different role upon returning, taking on new responsibilities with no formal training

OTHER ACHIEVEMENTS

- 4th place in Weightlifting Totals at USA Youth National Weightlifting Competitions, 2018 & 2019
- Founded and incorporated Icebolt LLC, receiving grants for embedded systems ISA research
- Developed and hosted website Nivlahk.com for programming language development projects
